Leaders in
Gas Fireplace
Technology

The ultimate heating solution

Our Pyrotech glass-fronted space heater features a flame pattern that is the envy of the industry. It can be used to bring your old fireplace to life, replace an existing old gas heater or simply be installed into a new application. We even offer a freestanding option. With a unique double-glazed front that ensures an uninhibited view of our realistic coal and log or pebble configurations, the Pyrotech is not only beautiful to look at, it's a practical heating solution for any home.

Pyrotech
