

an open fireplace
instant heat
eco-friendly
chimney + vent free
no electricity
no gas

Original, versatile and eco-friendly, Blu Box Fireplaces are easy to install, simple to operate - and look great too. Enjoy the beauty of an open fire in any room, in any home, with your very own Blu Box.

8 good reasons why blu box is for everyone

1

open fire

Not only do Blu Box Fireplaces look great and present you with a beautiful lively flame, they radiate enough heat to keep you warm and cosy on a winter's evening. Relaxing and entertaining in front of your very own open fire has never been easier.

2

chimney free

That's right, Blu Box Fireplaces do not need a chimney. Or a flue. Or any type of vent. Denatured ethanol burns clean, there's no smoke and no harmful emissions. With Blu Box Fireplaces, you can finally enjoy an open fire in any room.

3

easy

No need for a chimney, no need for a complicated gas or electricity connection. No mess, no fuss. Just bring your Blu Box Fireplace home, assemble and place in any room you choose. You can even take it with you when you move.

4

green

Smokeless and odourless, Blu Box Fireplaces run on denatured ethanol (also known as methylated spirits) - a renewable, clean-burning liquid fuel derived from agricultural and forestry products.

5

versatile

The choice is yours. Select from our range of classic shapes and contemporary surrounds for a stylish finished model that can be moved from room to room.

Transform an existing space or breathe life into an old fireplace with one of our ready-to-install firebox inserts.

Or create your own design with our easy to use burner.

6

effective

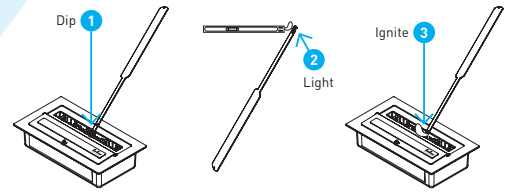

With no chimney or flue to worry about, heat is retained in the room, providing over 90% fuel efficiency and the ability to heat the average living space.

7

simple

Blu Box Fireplaces are very easy and convenient to use and come with all the accessories you need to operate your fireplace safely.

8

safe

With eight years of award-winning R&D behind us, Blu Box Fireplaces comply with the highest safety standards in the world.

Made from high quality materials by ISO 9001:2008 manufacturers, Blu Box Fireplaces come with a limited 12 month warranty.

the choice is yours

furnish

Add a burst of warmth and ambiance to any room you choose with a Blu Box Fireplace finished model. Freestanding and portable – with no need for a chimney or utility connection – a Blu Box Fireplace looks right at home here, there and anywhere.

enhance

Enhance an existing space or fireplace, or design your own unique surround. Quick and easy to install, a Blu Box Firebox lets you enjoy an open fireplace in any home. Interior design has never been this easy.

create

Breathe new energy into an existing old fireplace or bring your design ideas to life with a Blu Box Burner – the heart of the range. Install one, two or more burners into any suitable surface to create your own individual fireplace.
