ELEGANCE STRAIGHT TOWEL RAILS

Rough-in Dimensions
Without Electric Element

90x45mm pine noggins installed vertically and set in 102.5mm from each outside edge of towel rail. This will ensure you have suitable fixing for brackets.

NOTE: When fitting a towel rail mark position of mounting brackets which fit between the cross rails. Fit mounting brackets to wall first then fit towel rail to brackets. Following this method will automatically align fixing brackets to towel rail.
