

Simplicity & Pure Vision

Gas Fireplaces

The Simplicity & Pure Vision gas fireplaces with their contemporary styling and innovative construction are the ultimate designer addition for the modern home. With a range of colours and finishes and their unique design flexibility they can easily be tailored to suit your requirements, adding ambiance and a stylish focal point to any room.

🔥 Choose your Style

Stunningly simple in their design the Simplicity & Pure Vision gas fireplaces are the ultimate lifestyle accessory for modern living. A truly unique fireplace system that generates an instant calm with the romance of an open fire coupled with high technology to create a mesmerising and seductive ambience. The fire springs to life with the flick of a switch, with soft pink and mauve flames flickering over a bed of spun ceramic fibre pebbles. Both fireplaces are available in a range of colours and finishes to suit your requirements. The Pure Vision variant incorporates glass sides for maximum visibility & impact and is also available with an optional glass back further enhancing its unique styling.
