## MORSØ FORNO

### Facts:

Dimensions: ø. 750 x h. 620 mm.

Weight: 100 kg

Materials: Enameled Cast Iron

Ceramic Castables

Color: Black

Designer: Klaus Rath

### Accessories:

- ash scraper
- pizza peel
- fire tongs
- tuscan grill
- outdoor table

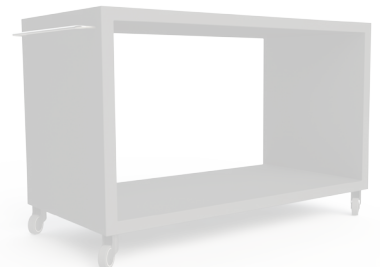

The elegant round shape is derived from both external and internal considerations, and the demand for functionality of the oven and the clean line of the characteristic exterior appearance.

The unique shape is both practical and stylish whether used at ground level creating atmosphere and warmth, or on a bench or table when the use is primarily cooking.

The idea for the design comes from traditional Italian wood fired stoves. The oven has room enough to push the fire to the back or to the sides when cooking, and the low, vaulted ceiling radiates a high amount of heat.

Due to the selection of high quality materials the oven can stay outdoor all year, prolonging your summer.
